If anyone is suspected of having COVID-19 they will, under the supervision of the Health Officer, be placed in isolation pending further assessment. The parent will be notified, and plans made to pick up the participant as soon as possible if necessary.

Preventing the Spread:

1. Proper handwashing procedures will be utilized before and after eating, after touching frequently touched surfaces, after using the restroom, after coughing, sneezing or blowing your nose.

2. Hand sanitizers will be available in high traffic areas such as campsites, activity areas, bathrooms, etc.
3. Face masks (neck gaiters) will be used when a 6-foot physical distance cannot be maintained.

4. Avoid sharing common items.

5. During activities any item touched by a participant must be thoroughly sanitized before next use.
